

# The depth of our wall

**Jesus in nature:** The Bible tells us that God can be seen in nature and that nature itself longs for the return of Jesus! At first glance you may see just a design of sorts. But look closely and you will see flowers with the face of Jesus hidden inside. The fact is, nature tells us there is a God and reminds us that no one can claim they have never heard of Jesus. For He is clearly seen in all of creation. He is the creator of all things. [Romans 1:20](#), [Rom 8:19-22](#)

**Jesus:** Jesus is our Savior and the only way to heaven and God the Father. Only Jesus claimed to be God, die for our sins, and then come back to life conquering death for all those that would call upon Him and make Him King of their lives. For some, people will see Jesus' authority here, others His love or sovereignty, others still his righteous judgment. Or some may just see a man. No matter what we see, Jesus is God and the only way a man can be saved. The world has many views of who Jesus is, but for those who truly know Him, he is the chief cornerstone of salvation! [John 3:16](#), [Acts 3:19](#), [Acts 4:11-12](#)

**Death defeaters:** If you notice the skull and crossbones have the words death dfters above them. This image represents that Jesus has defeated death for us. [Revelation 1:18](#)

**Falling down and worshipping Jesus:** The image of these women falling down at Jesus is to remind us He alone is worthy of our adoration. We called to live life in service for Him and Him alone. This picture reminds us to get rid of our worthless idols that may keep us from Him. In ridding our lives of such false worship we are free to love Him and Him alone. To God be the glory forever and ever! [Deuteronomy 6:5](#)

**Love your neighbor as yourself:** The lettering here is set in the middle to remember the importance of loving every person and valuing them as an image bearer of God. Jesus has commanded us to love our communities, our friends, family, other believers and even our enemies. [Matthew 5:44](#). Jesus also stated that our love for one another would show He is true and real [John 13:35](#).

**The Lords eye:** The eye of Jesus here represents the fact that He is always watching us, he is always with us. He sees the good and bad in our lives. Our Lord is omnipresent and there is nothing we can keep from Him. This image is a reminder to live a genuine faith filled life for our savior alone. We are not called to please men, but our ever present Jesus. [Jeremiah 23:23-24](#)

**Keep calm carry on:** This is to remember to give all our worries to Jesus and to pick up our cross daily and not grow weary of doing good! [Galatians 6:9](#), [Luke 9:23](#)

**Mickey Mouse painting "stay Gospel centered":** Mickey represents a very secular icon. Disney is known to bring in a lot of money. The idea here, is to have this "secular" icon remind us we are not to live for this world or for the things in this world, no matter how popular they are. Instead we are to live for Jesus and His gospel! Being Gospel centered is to remember the story of Jesus and how he died for us and then sharing this great news with the whole world! [Matthew 28:19-20](#)
